## NPHome

### Solar-as-a-service for off-grid Navajo homes

NPHome is a solar-as-a-service provider delivering off-grid power to homes on the Navajo Nation. During its launch in 2022, NPHome will install its solar service in 200 Navajo homes, bringing them high-quality, permanent, hassle-free electricity access for the first time in their lives. NPHome's mission is for all families to have power.
