<b>Title</b>	Clean Energy Restoration for Rural Alaskan Villages
<b>Team Name</b>	Tebughna Foundation
<b>Short Description</b>	Identify traditional principles of land stewardship for Alaskan Native communities and use those principles to guide the team in identifying appropriate resources (planning, implementing, and financial). These resources will be used to pilot a planning project which will then be used to create handbook for equitable clean energy deployment in Alaskan Native Villages. The handbook will be accessible to other Alaskan Native Villages on paper and digitally at no cost.
