

An Inclusive Offshore Wind Research & Innovation Hub for NYC

Project Proposal for a Tactical Framework Report

WHAT

Develop a **tactical framework report** that guides creation of an offshore wind research and innovation hub in NYC

WHY

Without thoughtful planning, the opportunity will pass to **ensure inclusion and economic benefit for disadvantaged and environmental justice communities** as the offshore wind industry takes off

WHERE

New York City

WHO

The **National Offshore Wind R&D Consortium** (an industry non-profit) and **Karp Strategies** (a WBE-, SBE-, and DBE-certified New York City consulting firm) – both with extensive industry and local knowledge

HOW

TASKS

1. Define the Study  *What are we looking at and who does it help?*
2. Baseline Research  *What do NYC stakeholders need and think?*
3. Case Study Research  *How have others done this well?*
4. SWOT Analysis  *What are the opportunities and constraints of this?*
5. Tactical Framework Report  *What are the strategies to realize the hub?*
6. Socialize & Build Buy In  *Who comes to the table to make this happen?*

GUIDING QUESTIONS

EXPERIENCE
