

Title: EnergyWerx Innovation Hub

Team Name: EnergyWerx

Short Description:

EnergyWerx is a joint venture led by ETI with a vision to transform the energy landscape in Robeson County, North Carolina. EnergyWerx will be an innovation hub for the Department of Energy that focuses on clean energy, sustainable infrastructure, and climate resiliency. We will build a coalition of nonprofit and for profit organizations that work together to foster innovation, entrepreneurship, education, workforce development, and business assistance.
