Accelerate Membership Program

ACORE is a national nonprofit organization that unites finance, policy, and technology to accelerate the transition to a renewable energy economy. In December 2020, ACORE launched the Accelerate Membership Program, which supports the success of small emerging renewable energy companies owned and/or operated by leaders who identify as women, Asian-Indian, Asian-Pacific, Black, Hispanic, or Native American. ACORE supports Accelerate members through a complimentary two-year ACORE membership, dedicated staff, free access to ACORE paid events, targeted industry briefings, exclusive networking events, pro bono legal services, an education stipend, and more. In 2022, ACORE is seeking additional staff and programming capabilities to expand support for new and existing Accelerate members.
