**[DTE Energy](#)**

**Our Mission:**

The International Brotherhood of Electrical Workers, Local 17, together with our partners, set our sights on equipping local folks in a 130-year-old union line clearance tree trimming craft through a U.S. Department of Labor registered union apprenticeship that pairs students with tree trimming vendors.

AND, at the same time – we're building an inclusive, line clearance tree trimming workforce that's a lot more representative of the communities where we live and serve.

AN **OPPORTUNITY** TO  
**SOAR TO NEW HEIGHTS**
