

# CircuSolar

A data platform facilitating donations of second-life solar modules to new projects in underserved communities.

## Problem

- Near and Long-Term Solar Panel Waste
- No Data on End-of-Life Solar Panels

## Solution

- Developers Share Data on Deployed and Future Sites
- Nonprofits May Receive Useful, Donated Panels

## Team

- Women-Owned Business in Wyoming
- Cofounders are 2x DOE Prize Award Winners

## Plan

- Build Developer and Nonprofit Network
- Facilitate Donations to Projects with Impact

## Strengths

- First to Market
- Partners and Network
- Long-Term Solution

## Opportunities

- Emerging Market
- National Partnerships
- Multiple Revenue Paths

## Aspirations

- National Reuse Solution
- Scale with Waste Problem
- Impact with Revenue

## Results

- Increased Solar Access
- One Stop Reuse/Recycle
- Multiple Beneficiaries
