

solarSCADA

Modular Commoditized SCADA Specifically for Solar

Reliable

- Commodity Control for PV Plants
- Supports Emerging Utility Standards
- Rapid Install and Immediate Commissioning
- Specific to Commercial and Utility Scale Solar

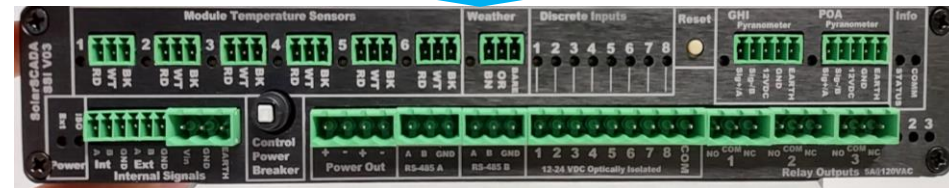

Problem:
Required Devices are Complex and Expensive

Sustainable

- Integrated Design Minimizes Packaging
- Fewer Devices, Pre-Assembled
- Installs Rapidly With Minimal Waste

Solution:
One Device to Do it All

Equitable

- Domestic U.S. Design and Manufacturing
- The Industry's Only Online, Non-Proprietary Open Installation Manual
