

# Thomas Marchese's challenge details for challenge: [Solar Prize Round 6](#)

Generated at Tue Oct 04 2022 06:29:13 GMT-0700 (Pacific Daylight Time)

## Explanation

Civil engineers and companies with expertise in structural design and construction of a Tower and Tower Base, advisement on Investor interests, and legal and public policy decisions.

## Key Needs

- Product Design (5 / 5): Need partner to design the Tower and Base structure for our Multi-Function Tower product.
- Funding & Investments (5 / 5): We will need to understand investor's view of key care abouts and value propositions in our system and how to interest in our product.
- Legal, Insurance, and Public Policy (4 / 5): It is critical to understand the legal and public policy roadblocks we could encounter in serving various communities
