James Raiford's challenge details for challenge:

[Solar Prize Round 6](#)

Generated at Tue Oct 04 2022 10:39:53 GMT-0700 (Pacific Daylight Time)

Explanation

Noria Energy needs assistance in the following areas to help commercialize their innovation : market analysis , product reliability testing , certification testing , manufacturing , controls system development

Key Needs

- Manufacturing (3 / 5): Connecting with contract manufacturers to refine our prototypes to be easily manufacturable at scale
- Business Development & Commercialization (3 / 5): Help to understand the full scope of our target market and gathering stakeholder feedback on what the customer wants is important to understand early on in the product development process
- Testing and Validation (5 / 5): Reliability testing and certification of our product is very important for the deployment of our technology in the field
- Software Development (4 / 5): Our innovation will require software development specifically related to controls systems

Matches
