

# Modulectrix

## Disruptive RE platform play Input agnostic, collaborative, and future proof Patent pending since June 2022

- **Mobile, modular system** connected by plug-n-play connectors
- **Versatile blocks:** battery, inverter, water purification/storage/dispensing, medical, lighting, etc...
- **“Right” power** - customized size, shape and location
- **Scalable**, flexible, serviceable, upgradable
- **Compact** for storage and transport
- **Simple and cheap** to set up and use (built-in ballast, feature-rich telemetry and app)
- **Ultra-rugged**, weatherproof and resilient

**Typical wildfire basecamp deployment:**

- 19.2 kWh PV array (48 panels)
- 142 kWh LFP battery storage
- 25 kW inverter - split, 3 phase
- 5 RO water purifiers
- 300 gallons water storage
