

Shruti Vyas's challenge details for challenge: [Solar](#)

[Prize Round 6](#)

Generated at Wed Oct 05 2022 17:17:36 GMT-0400 (Eastern Daylight Time)

Explanation

We need assistance in business side as we are a team of academics. We would also appreciate help with data collection related to PV modules imaging.

Key Needs

- Funding & Investments (3 / 5): We are at a stage where we need to hire people but are short on funds to do that.
- Science, Research and Development (3 / 5): Collection of data for our models is one of the needs we face right now. We could take care of data labeling though.

Matches

1. [International Business and Technology Service Corporation](#): 88.18%
