

**INDIGENOUS CANNABIS
INDUSTRY ASSOCIATION**

Indigenous Cannabis Industry Association

PROJECT TITLE: Growing a Sustainable Hemp & Cannabis Community

COALITION NAME: THC (Tribal Hemp & Cannabis) Energy Warriors

COMMUNITY LEVEL ENERGY CHALLENGE: Assessing energy efficiency over time for indoor cannabis cultivation using solar power for lighting, HVAC and dehumidification to decrease the energy use in Indian Country while showcasing best practices and policies for climate smart models in cannabis development.

The coalition location will be the Nez Perce Indian Reservation with our service area being Indian Country indoor cannabis operations seeking to help build a sustainable and responsible industry by developing solar energy infrastructure to reduce pollution and grow clean energy solutions.
