ILLUMINATIONS CLEANNetwork is a coalition championing the development of clean energy initiatives in East St. Louis, IL. Macedonia Development Corporation established ICN to build local power and holistically engage community members to understand their local energy needs, challenges and opportunities

ILLUMINATIONS  
CLEANNetwork

Our coalition seeks to remediate the environmental and economic racialized segregation contributing to our energy challenge. This priority drives our efforts as we address DOE policy priorities to:

- Decrease the economic burden of utility costs
- Create training opportunities in clean technology
- Promote energy democracy by creating a community-driven energy policy in East St. Louis, IL

# Bridge Between Innovation and Impact
