

# WOLF SOLAR LLC

a worker-owned cooperative  
developing consumer-owned  
community solar cooperatives  
in the southeast

## The Model

**Wolf Solar** is developing a community solar model that utilizes faith- and community-based organizations to build LMI equity in generation projects with additional labor, educational, and environmental attributes

## Projects under Development

**The River** :: a 1.3 MW project on the outskirts of Nashville, TN :: LMI accessibility through grant funds, institutional investors, and on-bill financing :: regenerative land management

**The Woods** :: a 250 kW project in Chapmansboro, TN :: providing savings and resilience in a rural environment :: on-bill financing and USDA REAP :: regenerative land management
