

Ehli Solar Enterprises

What?

Justice40 Community Solar!

- Three 350 kW Projects; 1.05 MW Total
- Ground-mounted solar panels

Where?

One project in each of 3 Confederated Tribes of Warm Springs Districts

- Warm Springs Reservation, Central Oregon
- Justice40 Disadvantaged Community Designation – US Department of Energy
- Reservation overall poverty rate 28% - almost double the rate of Oregon
- Reservation mean household income just 59.7% of other households in Oregon

Why?

To bring meaningful benefits to a Low/moderate Income Community

- 20% Tribal member representation on project construction crews;
- 40% of the project subscribed in first year of operation, increasing 20% annually thereafter until fully subscribed;
- 10% subscriber utility bill reduction; and
- Community ownership of all projects.

Who?

Ehli Solar Enterprises

- Dedicated to developing Community Solar projects accessible to everyone, especially underserved communities
- Deep development experience
- Experienced business professionals

When?

2023 – 2026
