Community Power Prize Strategy:

- Partner with mission-aligned non-profit and for-profit entities + EPC's to identify large scale community solar sites, focused in MN, NY, NJ, MD, DC, MA, CT.
- Leverage tax credits from IRA Category 4 'low income benefit projects' to build 3MW+ of community solar projects that provide *greater household savings + LMI household access* to solar at scale.
- Provide wrap-around technical, financial, legal and policy advisory services to site owners to efficiently implement projects.
- Offtake 100% free power to LMI households located in blocks of LIHTC affordable housing, leveraging LMI Solar's extensive network & experience in this space.
