

EARLEY ENERGY

“SOLAR FOR THE ‘SIP”

Overview

We are a new solar developer that desires to design, site, build, market, and maintain community owned solar projects in communities throughout Mississippi.

Community Partners

- *Schools*
- *Churches*
- *Regional Utility Cooperatives*
- *State Utility Cooperative*

Impact

- Commission 10MW of community solar in Mississippi in areas served by cooperatives by 2025.
- Partner with 10% of school districts in the state by 2025.
- Decrease electricity rates by 10%.
- Reserve 60% of subscriber base for Low-to-Moderate Income households.
- Facilitate Clean Energy Trades Pathway at each partner K12 vocational school.
