

Team Philly! Community Clean Energy Coalition

# MOBILE ENERGY CENTER

**Access to weatherization programs, LIHEAP assistance, solar training opportunities, and a JUST Transition for Philadelphia citizens.**

**The Mobile Energy Center plans to increase both customer engagement and completed intakes by 10%**

**Providing access to neighborhoods not currently served by current Neighborhood Energy Centers**

**Solar to help power intake ipads and phone charging stations**

**Communities can learn about and sign up for energy efficiency and solar training programs**

**A one-stop shop for J40 communities across Philadelphia**

**Engaging Intake Specialists offer community support, water, and snacks**
