

Our Communities

Our Team

Kory Hayden, Jen Thackeray, Niki Brown, Alia-Roca Lezra

The Siskiyou EDC team has been serving Siskiyou communities for nearly 40 years. This team leads the Yreka Carnegie Rehabilitation Project and works with jurisdictions and businesses to create a prosperous rural economy.

Our Project

Our MOU Partnership unites our organization with the county's nine jurisdictions, to prioritize clean energy projects, together.

Phase Two

Phase Two will locate clean energy efficiencies within Yreka's Carnegie Rehabilitation Project, led by the Siskiyou EDC.

Our mission is to **empower** business growth, **build** success, and **connect** our communities with vital resources to create a prosperous Siskiyou. This prize will help us overcome barriers (distance, climate, and poverty) and advance clean energy projects in rural CA.
