

Title: Powering Progress: Siskiyou's Clean Energy Future

Team Name: Siskiyou County Economic Development Council

Description: The Siskiyou County Economic Development Council is working to help rural jurisdictions, businesses and communities access clean energy, to prepare for a better future and economy in Siskiyou County. This partnership project unites the county's nine jurisdictions, to prioritize clean energy projects, together. The prize will help Siskiyou County leaders and businesses overcome barriers of distance, climate, and poverty, and champion clean energy projects in rural, and far northern California.
