

Gemini Energy Solutions

About Us: Gemini Energy Solutions is a black-owned and black-led clean tech company.

Mission: Gemini is democratizing the clean energy and green building industries to accelerate and scale clean energy in small commercial buildings equitably, prioritizing frontline communities with a community-based, tech-enabled, and partnership-driven approach.

Vision: Transform community anchors into **Clean Energy Hubs**, promoting revenue generation, climate resiliency and an equitable clean energy transition for frontline communities.
