FINANCE Track Summary

- Alongside Choir Power, which tracks long-term ESG growth for individuals and businesses to save money, Forever Flight will hire underserved youth to bring high quality clean energy jobs to 100 rural airports by the end of 2024. We are starting by targeting airports within Native communities and communities of color

Team: Co-founders: Ryan Wilkoff, Madison Ede

- Founded in response to the global climate crisis; now working with the US Green Building Council- Los Angeles
- Finished Opportunity Project with National Renewable Energy Lab towards rebuilding Puerto Rico's grid to be climate resilient. Submitted DOE R.F.I. towards this initiative.

Locations of Project: **Zip: 85901-0001, 74464-5492, 29571**
