

SUMMARY SLIDE

- AirMiners' mission is to **empower risk takers to accelerate the reversal of climate change via carbon removal** by building successful, sustainable carbon removal businesses.
- Our **network of more than 2,000 members** supports carbon removal startups through collaboration, thought leadership, investment, and purchases of carbon removal credits.
- We make carbon removal an **inclusive industry**: 50% of participating Launchpad Accelerator teams have a **woman or BIPOC founder** and we provide **environmental justice** programming.
- AirMiners to kickstart **DAC Pioneers** offering DAC startups carbon resources, national lab partnerships, and a focus on environmental justice.
