

# Energy Solutions for Native Hawaiian Homes

## Challenge

- Equitable energy and resiliency enablement solutions for underserved, indigenous communities

## Approach

- Proven community engagement and solution co-development paired with industry-leading technology

## Innovations

- Customization of energy and finance solutions for long-term impact with verified savings and benefits

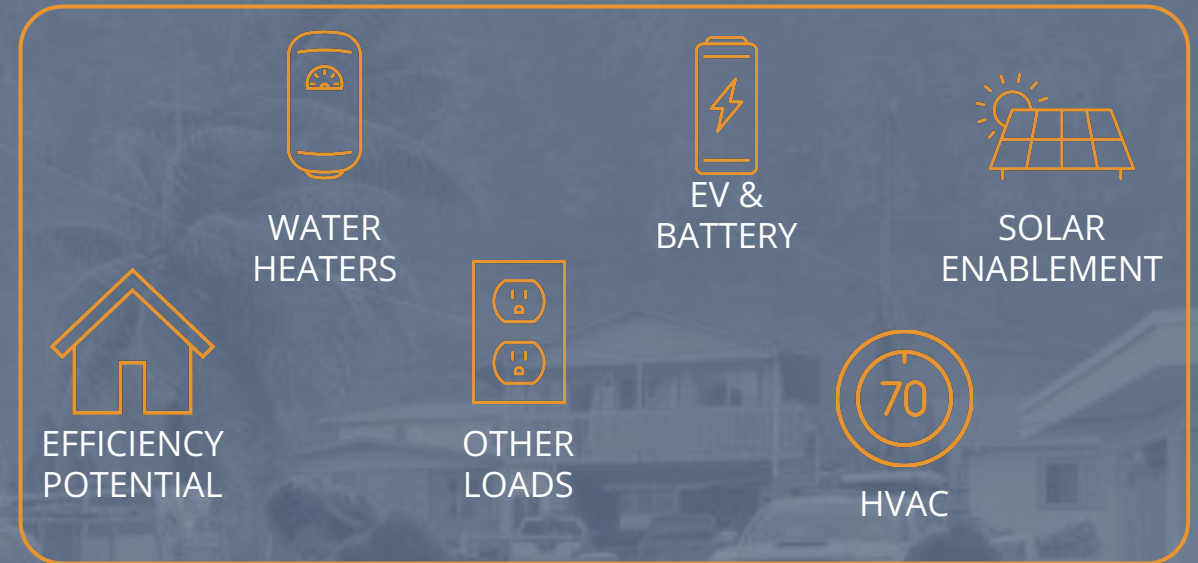

## Replication

- Flexible tools for adaptation as new technologies and funding sources are available

## Scale

- Program expansion to market of over 10,000 Native Hawaiian Households, local LMI communities, and beyond

## Innovation Concept

## Shifting Waimānalo delivered in community partnership:

Hawai'i-based clean energy company; industry leader in energy program development and scaling, data analytics, machine learning, technology integration and aggregation

Registered 501(c)3 non-profit, community-based organization, based in Waimānalo with over a decade of experience on successful community support programs
