

# Act now. *Impact GENERATIONS!*

A collaboration of

Focused on Title 1 schools in the core counties of the Kansas City metropolitan area, this initiative proposes to overcome non-technical barriers to facility electrification, energy optimization and inclusion through a repeatable, scalable end-to-end program. Program design, stakeholder engagement and impact communication to act now for long term impact.

Financial and funding solutions for upgrades using EEaaS, incentives, and grant programs.

Staff support to overcome bandwidth, technical and implementation gaps
