

EcoWorks Detroit:

Eco-D Electrification Initiative

In this ambitious program to support electrification retrofits for buildings in Detroit neighborhoods, EcoWorks is performing:

- Energy Audits
- Electrification Recommendations and Implementation
 - Heat Pump HVAC and Water Heating
 - Weatherization Retrofits
- Incentives and Financing
 - Support for Solar PV and EV V2B to offset Energy Burden
- Monitoring and Verification
- Education and Outreach

Initiative supports Eco-D's and helps form more!
