

U.S. DEPARTMENT OF ENERGY

# American-Made Solar Prize Round 7 Ready! Contest

## Technical Assistance Request

**Project Name:** Small new buildings located in remote places and their electrical energization.

**Team:** Combine Cycle: Photovoltaic-Wind.

There are 2 specific areas in which we need support:

- 1) Laboratories support developing the most appropriate angles and locations for the nozzles of Wind generators and the roofs.
- 2) Administrative and legal support for future patent submission, legal contracts, and agreements.
