
Team: TAKK Energy

Hillsboro

Oregon 97124-2794

(814) 470-3783

Explanation

TAKK Energy needs assistance in the following areas to help commercialize their innovation : market analysis, product reliability testing, certification testing , manufacturing

Key Needs

- Manufacturing: Connecting with contract manufacturers to refine our prototypes to be easily manufacturable at scale
- Business Development & Commercialization: Help to understand the full scope of our target market and gathering stakeholder feedback on what the customer wants is important to understand early on in the product development process
- Testing and Validation: Reliability testing and certification of our product is very important for the deployment of our technology in the field
