

Team Name: Equitable CommUnity Solar Alliance

Overview

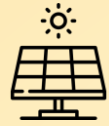

Collaboration: Clean Slate Solar & Housing Initiative Partnership is aiming to transform community access to renewable energy by merging community-focused housing development with green energy solutions.

Clean Slate Solar: Specializes in developing community solar atop warehouse roofs in disadvantaged communities.

Housing Initiative Partnership: A non-profit dedicated to the development of multifamily affordable housing and revitalization of neighborhoods.

Mission: Merge sustainable energy with housing stability for disadvantage and LMI communities.
