

Wai‘anae Sustainability Cooperative

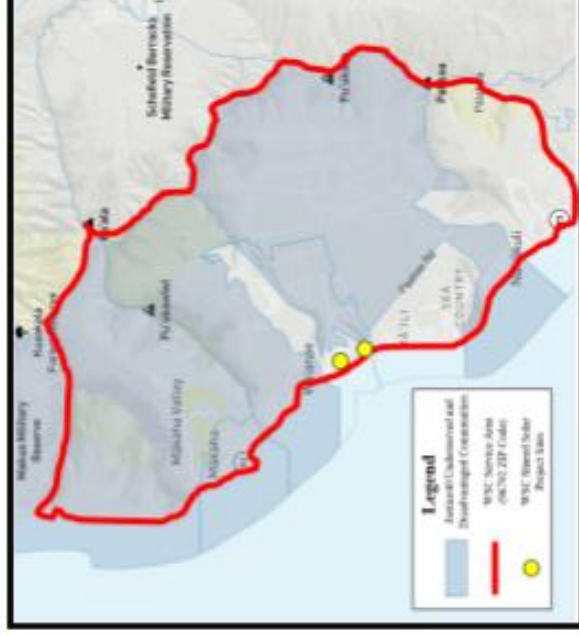

On a mission to produce locally-owned, affordable, renewable energy for the benefit of its members.

Community-led

Community-designed

Community-owned

WSC is a new startup consumer cooperative led by seasoned community leaders committed to serving the Wai‘anae community - one of the Hawaii’s most underserved communities. WSC’s *kuleana* (responsibility) is to develop, own and operate energy assets and programs at-cost to maximize household savings while ensuring that renewable energy development decisions are made in a community-based way and is strongly aligned with community values and needs.
