Accelerator**

U.S. DEPARTMENT OF ENERGY

U.S. DEPARTMENT OF ENERGY

Organization Overview

- Tesio Energy's mission is to utilize solar power and our strategic partnerships to offer massive discounts on electricity, which brings value to underserved communities. Our goals are to establish 100 MW of community solar with a 30% discount rate by the end of 2025.

Project Overview

- *Howell Project- 2.4 MW*
Freehold, New Jersey
- *Lumberton Project- 3 MW*
Lumberton, New Jersey

Meaningful Benefits

- As 2/3 of our team and company is minority and women owned, it is a priority for us to support businesses and individuals who are similarly underserved as we develop our projects.
- Our 30% discount rate is designed to stimulate real value within LMI communities and greater overall household savings.
