

Mission

To mobilize the **Kashmere Gardens** and **Fifth Ward, Houston, Texas** communities to reap the available benefits of federal and citywide programs in mitigating disparities in regards to health, prosperity and climate.

Strategy & Implementation

Organize a community-informed roundtable series to design and administer CRAs to expedite a clean energy transition for priority households and small businesses. The outputs of this framework will help connect priority areas to paid internships and clean energy job placements with committed public and private employers.
