

Citizen Energy (CE) is an SBA 8(a) certified Latino owned disadvantaged small business. CE has over 10 years of experience developing, financing and implementing hundreds of clean energy projects in the Mid-Atlantic. In 2022, CE launched Avanza, a national initiative to deploy clean energy infrastructure in underserved Latino communities. CE and Avanza are particularly focused on EV charging, community solar, energy efficiency and building electrification in multi-family housing communities.

CE's overarching mission to accelerate the adoption of clean energy in low-income Latino multi-family housing communities.
