

Climate Conscious Collective

Mission: Our mission is to leverage GHG emission, energy, and facilities data to connect building occupants and managers to their climate footprint in support of climate action plans and climate literacy. Furthermore, these data insights will enhance the learning experience to maximize student outcomes in climate curriculum.

Key Project Members and Partnering Organizations:

- **Nico DeGiorgio**, CEO & Founder, Net Zero Energy Operators <https://www.linkedin.com/in/nico-degiorgio/>
- **Abraham Borg**, Software Developer, Net Zero Energy Operators <https://www.linkedin.com/in/abrahamborg/>
- **Beth Weinman**, Academic Advisor, Fresno State <https://www.linkedin.com/in/beth-weinman-35737720/>
- **Feng Teter**, Sustainability Analyst, Fresno State <https://www.linkedin.com/in/fengteter/>
- **Blake Semas**, Energy Analyst, Fresno State Facilities Management <https://www.linkedin.com/in/blakeavant/>
- **Ryan Carlson**, Principal Mechanical Engineer, Lawrence Engineering Group <https://www.linkedin.com/in/ryancarlsonme/>
