

SUMMARY SLIDE

- AirMiners' mission is to **empower risk takers to accelerate the reversal of climate change via carbon removal** by building successful, sustainable carbon removal businesses.
- Since its inception, **135 startups have graduated** from the AirMiners program and **raised \$100M of venture capital and grants**.
- We make carbon removal an inclusive industry: 50% of participating teams have a **woman or BIPOC founder**
- Funded by **Breakthrough Energy, Grantham Foundation, Anthropocene Institute, DOE FECM, Moore Foundation**
- In EPIC Round 3, we are focused on **sector specific support**, emphasizing **TEA and EJ technical assistance**.
