

AcceliCITY Epic Cleantech Challenge

Bridging the Gap Between Start-ups and Government to Achieve Scale

LaunchPad II

LaunchPad II is a comprehensive ecosystem that nurtures cleantech startups through every growth phase, providing mentorship, insights, clustering and investor connections all under a unified support network

PHASE 1

AcceliCITY

Education of
Entrepreneurs in B2G

AcceliCITY nurtures early-stage cleantech startups with **mentorship, curriculum, industry insights, and foundational support** to refine their innovative solutions further

IMPACT

Startups emerge with a validated MVP, ready for deployment

PHASE 2

CleanTechConnect

Investor
Matchmaking

Here, startups get the chance to **present their cleantech solutions to interested investors**, facilitating a matchmaking process and market readiness.

IMPACT

Facilitation of funding and market visibility through targeted investor matchmaking

PHASE 3

AcceliGOV

Pilot Deployment
& Scaling

The final leap, AcceliGOV facilitates pilot projects within city environments, **offering startups the chance to deploy solutions in real-world settings** and scale their impact.

IMPACT

Pilot implementations lead to scalable solutions, contributing to urban resilience
