

Random Collisions: Filling The Post-Fundraise Support Gap for Deep Tech Startups

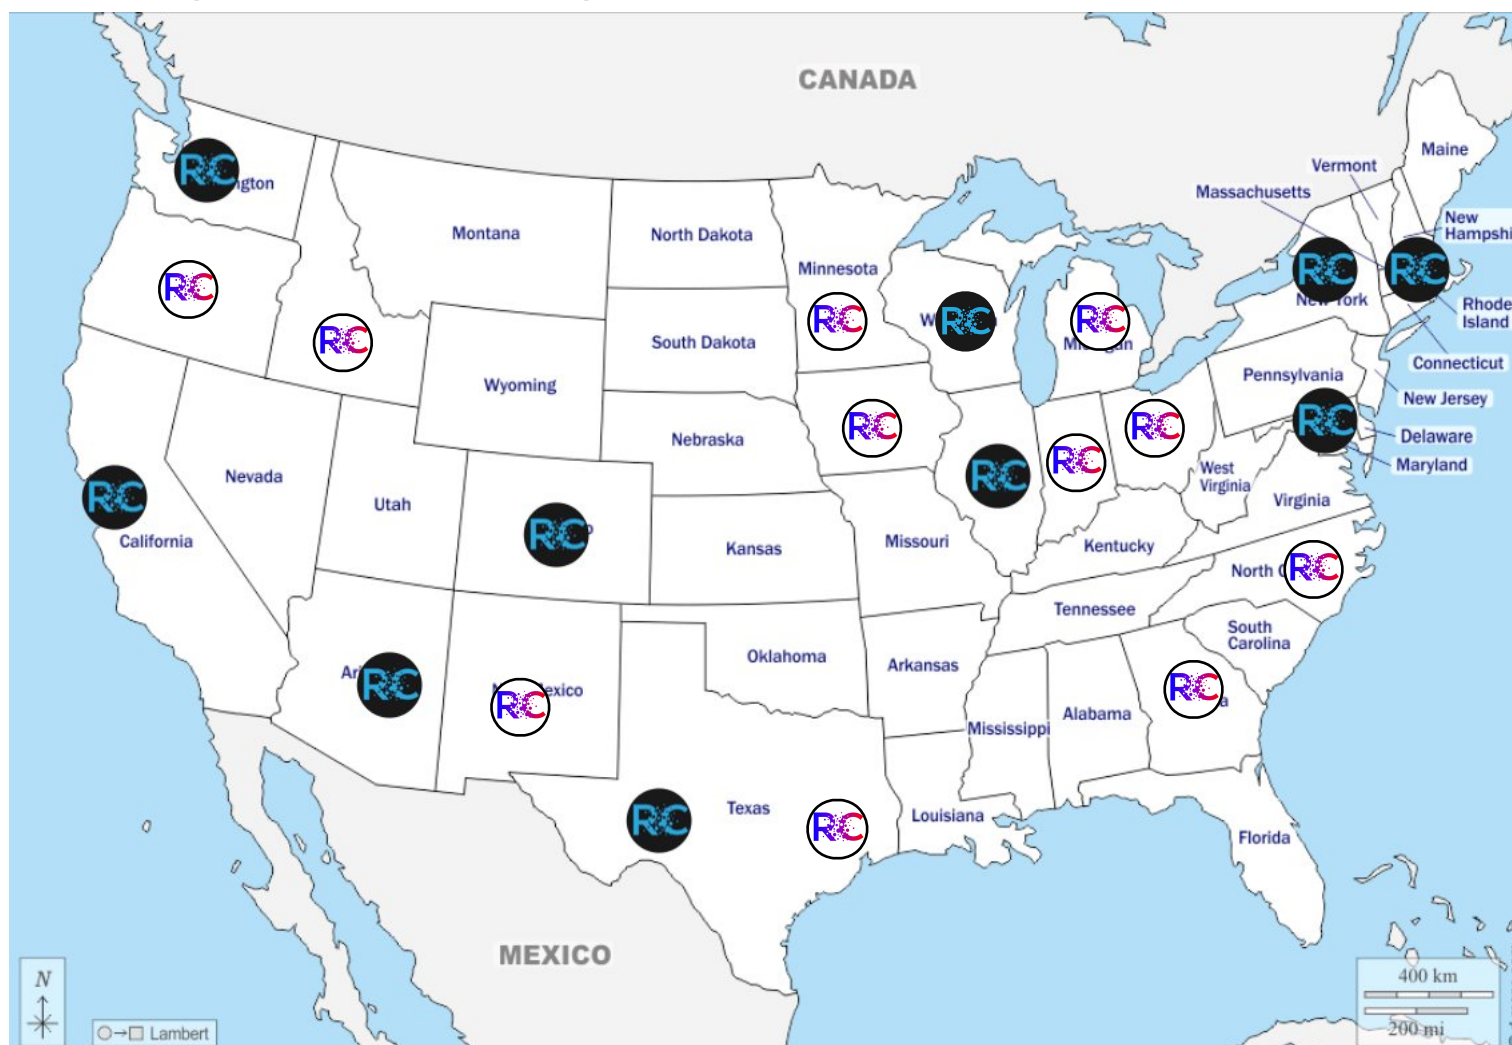

+2500 Incubators and accelerators exist to help startups raise money. Zero organizations exist with the express mission of supporting deep tech companies beyond the pitch deck and post-fundraise

Random Collisions' mission is to support deep tech ventures beyond startup bootcamps and fundraising, and for the lifetime of their operations, through organized peer mentorship.

 Phase II objective

 Cooperative Phase Expansion

Offerings

- Equity- and cash-free membership for all deep tech entrepreneurs
- Recurring local physical meetings designed to tackle problems faced by member companies
- Centralized organization and promotion via robust website
- Partnerships with Universities, National Labs, and Incubators/Accelerators
