InnoLaunch: College Tech Incubator

Organization Overview:

InnoLaunch will be a dynamic tech incubator operated by Shepherd Entrepreneurship and Research Corporation in collaboration with the Shepherd University at the College of Business, Recreation, and Education and. It is dedicated to nurturing the entrepreneurial spirit of students and fellow innovators.

InnoLaunch Highlights:

Physical Hub: Collaborative workspace designed for innovation.

In-Person Mentorship: Connect startups and innovators with seasoned entrepreneurs and essential networks.

Cross-Disciplinary Focus: Encourage collaboration across diverse college departments.

Pitch Nights: Showcasing startup ideas through engaging events.

Community outreach: Provide education and educational resources for rural areas

Plan for Implementation:

Space Setup: Establish a dedicated workspace with tech infrastructure.

Mentor Network: Forge partnerships with experienced entrepreneurs and faculty.

Curriculum Integration: Align with relevant college courses for seamless experiential learning.

Event Planning: Organize pitch nights, networking events, and hands-on workshops.

Project Description:

InnoLaunch aims to transform our college into an innovation powerhouse, fostering an ecosystem where tech startups and innovators thrive. By providing a collaborative space, mentorship, and cross-disciplinary engagement, InnoLaunch empowers our local community to turn groundbreaking ideas into successful ventures.
