

AJAX Incubator

Powered By Nature

**Our mission is to pioneer innovative nature-based solutions to advance human and planetary health.**

By combining Aspen's unique environmental ethos with deep expert networks, we strive to cultivate a sustainable future where both people and the planet flourish.

### **MVP:**

- **Program:** Incubator program for energy startups using nature-based solutions
- **Focus:** Renewable energy, climate technology, and circular economy
- **Support:** Access to industry experts, vast networks, and top mentors

### **Implementation Plan**

- **Phase 1:** Program design, stakeholder engagement, and MVP refinement
- **Phase 2:** Startup onboarding, intensive incubation, and support delivery
