

SUSI is an SSL initiative that will extend its impact into the market by accelerating sustainable energy solutions startups. SUSI can support local sustainable energy entrepreneurs with:

- **Mentorship on how to access available federal and local resources**
- **Lab space, Prototyping facilities and access to specialized equipment**
- **Funded student labor at undergraduate and graduate level**
- **A springboard to pilot projects and market outreach opportunities**

UNF has a Net-Zero Pledge for 2050.

Solar Capital on campus can generate enough to fund SUSI
