

TRASH RESCUE:

dumpster & landfill intervention

A team of volunteers working with local colleges and universities, dedicated to:

Diverting ALL USABLE ITEMS from the trash/landfills; Relocating items to non-profit organizations, and communities in need; Repairing or repurposing gently damaged items.

COLLECTING:

- clothing
- bedding
- art supplies
- toiletries
- school supplies
- medicine
- shoes
- and more
- electronics
- food

Items are sanitized or washed, repaired or repurposed, then sorted and brought to local shelters, organizations and the GS4GND movement.

Demonstrating the tangible benefits of an innovative circular economy by transforming trash into much-needed resources for our community.
