

# SUBMISSION TITLE

## Transforming Tires: Unlocking Sustainable Solutions Through Pyrolysis

### TEAM NAME

The Toota Group LLC

### COMMUNITY

The communities that our tire pyrolysis plant will affect are mainly Asbury Park NJ, 07712 and Neptune NJ 07753. I currently live in Neptune NJ 07753. It is my goal to see a cleaner environment. I know tires and waste usually end up in lower income communities, so building a tire pyrolysis plant will decrease the amount of scrap tires dumped in my community as well as other communities like mine across America.

### PARTNERS

- Mazza Recycling: Mazza Recycling is a family-owned and operated company specializing in waste & recycling services in New Jersey 07753-4320, as well as roll off and front end dumpster rentals for use in commercial or residential projects.
