

# Team Fusion

Leverage AI to Increase Learning, Training and Retention in Building Operations Training Program

- **Organizations Involved:** Youth Action YouthBuild, Emerald Energy and Association for Energy Affordability
- **Communities Served:** 18-25 year-olds from disadvantaged and low-income communities in East Harlem and the South Bronx, NYC
- **Outcome:** Use AI and AR/VR goggles to train Building Operations Technicians more effectively and give them valuable AI/VR skills for the new economy
