

# Edge Data Center for Southern West Virginia & Beyond

**Your Data Center Is No Longer Limited by Walls**

- Rural Communities Get Services When and As Needed
  - Carbon-neutral and Scalable
  - Grows as West VA and Appalachia Grow
  - Specific IoT Applications for Schools, Hospitals, National Guard, etc.
  - Test Beds for New Applications
- 
- Edge Location / Branch = Town, School, City Hall, Community, Warehouse, Business
  - Colo = Colocation (we can allocate resources)
  - SaaS = Software as a Service
  - PaaS = Platform as a Service
  - IaaS = Infrastructure as a Service
