

EmpowerGreen Initiative

GEN Z (Green Empowerment Now to Zero Waste)

Zero Waste EcoPreneur Training for Young Adults

Challenge

Problem:

Insurmountable amounts of solid waste cannot be recycled fast enough and marginalized communities are disproportionately impacted by rising energy consumption. Coupled with a pressing need for sustainable workforce development training and opportunities in underserved communities

Solve It:

Empower underserved youth and young adults to become eco-innovators, driving sustainable economic growth and environmental stewardship in their communities.
