

Cypienta: Connect the dots, & correlate seemingly disparate events, that hide in the noise.

ORNL, TVA, UTSys, & Techstars backed Cypienta is a US C Corp, currently located in NEE's & FPL's HQ in Juno Beach Florida.

Cypienta has a deeply focused and uniquely strategic team, solution, and intellectual property portfolio in the area of event contextualization & correlation.

Today's technologies depend on rules & playbooks, that are computationally infeasible when correlating big data. Cypienta's holistic and efficient patent-pending big data correlation models, augment all analytical solutions today.
