

VIA™
The next solar evolution.

Learn More About VIA™

VIA™ is the best in class solar module for utility and commercial scale.

VIA™ produces more power, in a smaller footprint at the lowest cost. It strategically manages the optical and thermal properties. It concentrates and splits light into visible and infrared light, then converts both streams into electricity.

<i>Compare standard panels to VIA™ Technology</i>	STANDARD PANEL	VIA™ PANEL
Panel size	600W 8.1ft X 3.7ft	2,000W 7.38ft x 6.19ft
1 MW land use	5 acres	1.2 acres
1 MW build time	21 days	1 day
1 MW generation, kWh	1,429,687 kWh	2,001,172 kWh
1 MW LCOE	114.44 \$/MWh	82.10 \$/MWh
Efficiency	21.2%	43.2%
Thermal Coefficient, %/°C	-0.34	-0.125
