

Community Benefit Agreement Generator: Community Benefit Agreements Made Easy

A Community Benefit Agreement (CBA) can be a helpful tool to ensure the voices of community members are heard in the renewable energy deployment process. Communities can define what initiatives and value adds would garner support for local RE projects.

These community determined social impact initiatives are then used to craft a Community Benefit Agreement.

Solar Stewards administers this CBA process.

STEPS TO MAKING A CBA

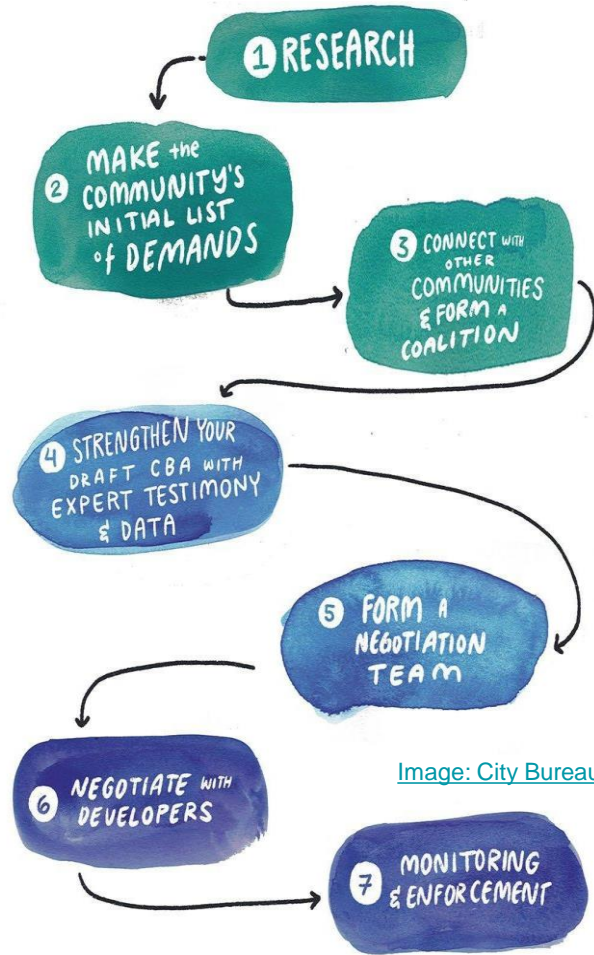

Image: City Bureau

A CBA Generator would:

Streamline the CBA creation process for community-based coalitions that lack the time, experience, and knowledge needed to draft a successful CBA

Key Process Components:

Establishment of Key Impact Initiatives

Development of Key Success Indicators

Drafting and Monitoring

Tracking and Reporting

Risks and Critical Failure Mitigation
