

# Transforming Retail Through Product Cycling

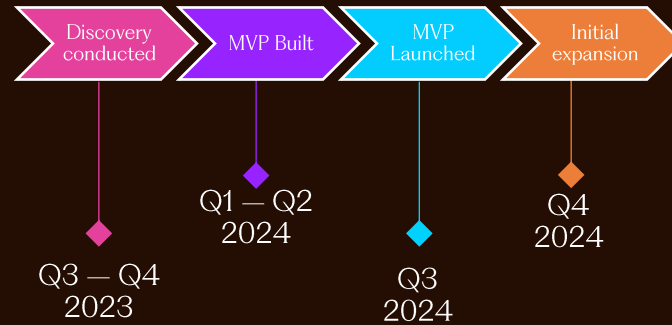

Re-X Submission Summary — Circa Systems

## Opportunity & Innovation

A complete 'product cycling' platform connecting the entire 'Re-X' value loop for durable consumer goods.

## Progress to date

## Re-X Phase 2 Plans

-  Month 1: System architecture design
-  Month 2 – 3: System development
-  Month 4: Testing & QA
-  Month 5 – 6: Deployment & launch

## Community Benefits

- 1** Reduce global greenhouse gas emissions by catalyzing localized Re-X supply chains
- 2** Decrease waste incineration rates in Chester, PA, through optimized reuse
- 3** Create local Re-X jobs via increased demand for Re-X services

## Team

-  **Nic Esposito (CEO):** Waste reduction and circular economy expert
-  **Samantha Wittchen (CPO):** Circular economy expert, award-winning engineer and designer
-  **Blake Carroll (COO):** Re-X operations expert, certified PMP®
